

## **Principal's Report for the Windham School Board**

September 10, 2012

### **Instruction:**

1. Enrollment is 19 students PK-6. There are five pre-school students, nine k-3 students, and five 4-6 students. Gail anticipates the addition of two more preschoolers by Christmas.
2. The year is off to a wonderful start so far with younger students dominating the playground and hallways. Both classrooms are working on the first six weeks of school mentality by establishing routines and expectations for the students. Map testing has begun and will continue until September 28<sup>th</sup>. The NECAP's will begin early next month.

### **Building:**

1. Paul Wyman has our school neat, clean, and ready for use again this year.

### **General:**

1. The back to school breakfast was again successful in getting parents and students here to visit with one another, eat breakfast, and share about their summer adventures. It was great to see some new families represented, as well as many that have been here for years...like the Clay's who were here for the final time after 14 straight years. This Wednesday is parent's night.
