

Principal's Report for the Windham School Board

November 7, 2011

Instruction:

1. Enrollment is at 19 students PK – 6. Should you receive information about any new students, please let me know. We have nine students in Mickey's room, ten in Sally's, six of whom are in the Pre-K.
2. Both Sally and Mickey have attended Common Core Standards workshops with me during the past month. The new standards will be the basis of the testing program beginning in the 2014-15 school year. They will replace the current Vermont GE's.
3. I attended another workshop for PBIS building leaders to facilitate the implementation in our school. The purpose is to continue to build the positive school culture we currently enjoy.

Building:

1. The new bank of lights has been installed in Mickey's room, with a noticeable improvement. If funds permit, I would like to replace all the lighting in the classrooms with the new type. We should see a reduction in electricity use.

Informational:

1. Winter Concert is on December 12th at 6:30.
2. Annual Craft Day will begin after lunch on 12-22.
